Great Reasons to Sponsor the openSUSE Conference

The event is organized by volunteers, who dedicate their time and effort to create one of the outstanding FOSS events of 2016, promoting collaboration and presenting new technologies. All sponsors funds are used for the conference.

As a sponsor, you:

- Enable the content to be free of charge for everyone
- Gain visibility among people involved and interested in information technology and FOSS
- Enable contributors with financial constraints to attend the event through the openSUSE Travel Support Program

Why Become a Sponsor?

To make the openSUSE Conference a reality, sponsorship is needed. By being a sponsor your company gets in touch with the highly skilled and motivated openSUSE community.

But there are more reasons to become a sponsor:

- Recruiting - Junior and senior developers, interns and students
- Product presentations
- Increase the popularity of your company
- Give back to the communities providing free software

Partners

Besides the general sponsorships, we offer partnership options. Give our community ice cream, coffee, or lunch, and your logo and name will be connected to the service, as well as being featured in the partner section of our promotional materials.

Each partnership can be taken independently of a main sponsor package or in combination with sponsorship options Gold, Silver or Bronze.

Depending on the partnership options, the costs range from €500 to €5000.

Financial support for the openSUSE conference from sponsors is crucial to the success of the event.

While the countless hours extended by volunteers to orchestrate the event to provide the atmosphere and framework for the conference, commercial sponsorship provides the necessary financial backing.

Additional arrangements are always possible and we look forward to discussing options that meet your specific needs
